

Conclusion

The Internet is a place of many wonders. In fact, this can be said about the computer industry at large. A tech savvy person can explore the Internet in its full might, provided they stay cautious about the perils awaiting them in the various dark corners of the digital world. Meanwhile, it is also important to take a break from electronics every now and then. Although the virtual world is pretty exciting, the real world holds much more that can be explored and discovered. **d**
