

in Olympus, but is forced by his father to remain in the Underworld. Using guns, trinkets, and blessings from his extended family to hack and slash his way out of his father's realm, Zagreus chooses to abandon home and leave the Underworld. Since it is relatively new and beautifully drawn, fans will enjoy watching this game as a casual playthrough, as well as watching more advanced players attempt to speed up or play the game with additional challenges from the Pact of Punishment.

4. Valorant

After its release, this team-based, tactical first person shooter from Riot Games has acquired quite the following. Participants, known as Agents, play as professional warriors from the future who come from all parts of the world and possess special skills and passive abilities.

Valorant

Agents work in teams of five and compete for many rounds as either the defending or attacking team. Valorant was released in June 2020 and became a popular title instantly, attracting attention away from fans of similar games such as Overwatch and CS: GO. It is free-to-play as well, making it friendly for new players who want a game that they can quickly break into. For audiences who either want to learn how to get better themselves or want to watch competitive gaming as esports enthusiasts, there's a valorant stream out there.
