

CHAPTER #04

```
1 <template>
2   <p>{{ greeting }} World!</p>
3 </template>
4
5 <script>
6   module.exports = {
7     data: function () {
8       return {
9         greeting: 'Hello'
10      }
11    }
12  }
13 </script>
14
15 <style scoped>
16   p {
17     font-size: 2em;
18     text-align: center;
19   }
20 </style>
```

Line 21, Column 1 Spaces: 2 Vue Component

Template Syntax

Vue.js is quite different from the way typical frameworks are invoked.
