

## Quik

Released by GoPro, the Quik application is one of the best tools to create memorable videos and slideshows. Use your action camera for creating the videos and images and then edit the videos to perfection with the Quik app. You can easily and quickly import your pictures and videos from your camera

and mobile with this app. This application highlights key moments in your videos in seconds, thanks to its advanced features. The video-editing tools of the app are top-notch.

Quik also has auto-sync music and edits, crop+, trim, colour, and many other interesting features. With the Quik app, you can play with the speed of your videos. Increase the speed or slow down your video for the best impact. Apply filters to your videos making them look professional in minutes. You can automatically upload your videos to Cloud with this app and hence, access them anytime, anywhere and share them with others.
