

only After Effects and all Creative Cloud Apps. Choose the latter and you can give the other applications like Photoshop and Premiere Pro a whirl too while you're at it.

This will take you to the billing page where you are required to enter your e-mail ID. As this is a free trial, you will not be charged anything but make sure to cancel your subscription after 7 days if you don't plan to renew. Adobe Stock is not a part of this deal, so you can add that to the package as well by scrolling down and finding it on the bottom right. Adobe Stock is also a 7 day free trial but you are allowed 10 assets a month only, so use it well.

This will then take you to the Payment page where you are required to input your card details. At the end of this is the 'Start Free Trial' button after you've entered your personal details and the minute you hit that button, you have exactly 7 days until you are charged for your subscription.

Once that is done, Adobe takes you to your account from where you can choose which software to download. Click on After Effects and you will download an executable file. Running this will first install the Adobe Creative Cloud application.

The Creative Cloud Desktop is a one stop shop for all your Adobe needs on your desktop. You can access all your files and applications from here. During the download, you can see a progress bar on the left to see how far in it is. You will also be displayed a 3 step questionnaire for Adobe to get to

The Adobe Creative Cloud application which directly starts installing from the downloaded executable file. As you can see in the top right, Adobe After Effects automatically starts downloading too.
