Fill in details for KYC

you have completed the process. Once you've been validated, you may begin with the registration process on the app.

- WazirX advises using the Authenticator App for security purposes. However, you can either use mobile SMS or ignore it completely. WazirX

employs stringent security measures to protect the data and privacy of its consumers. WazirX will prompt you to fill in data such as your country and type of KYC once the security procedures have been implemented.

Fill in data such as your name, date of birth, address, Aadhar Card, and PAN to complete your KYC. WazirX will contact you within a few days after checking your information.

- You may begin trading on the WazirX app after the setup is complete. Before trading, you need to do a deposit in your WazirX Wallet to
