

icons, some wallpapers and KWGT widgets too. So, if you really are in love with this icon pack and looking to expand its capabilities, we'd say that it's money well spent.

On the previous page, you can see some of the apps from the icon pack.

Crayon Icon Pack

After we've played with an icon pack with "white and minimal outlines", it's time to splash some colour into it. Crayon Icon Pack is a colourful icon pack with a vibrant but muted colour palette.

The icon pack has a very muted colour palette reminiscent of the pastel colours that we used to draw with as kids. The developer has gone with cheery, colourful and childish designs while keeping the icons clean and minimal.
