

The pricing is reasonable, beginning at \$80 per year or \$8 per month, and it is compatible with all podcast hosting providers.

Have a look, and while you're there, sign up for a free trial.

Get Transcriptions

Show notes can be transcriptions like the ones seen above, a straightforward description of what was discussed, or an entire blog post that is geared more towards reading than listening.

Some folks do a combination. It's an easy way to get more people hooked onto your podcast since the discoverability is higher.
