of multiline comment
in Dart.
*/
Example:

```
int main() {
var lst = [1, 2, 3];

/*
It prints
the whole list
at once
*/
print(lst);

return 0;
}
```

Output:
[1, 2, 3]

3. Dart Documentation Comment:

Dart Documentation Comments are a type of comment used to provide references to packages, software, or projects. There are two types of documentation
