Tech Careers

81 Painting The Page Proper

Web design as a career requires a fine blend of technical and creative skills. Plus, work will never get boring

Test Centre

84 Think Ink!

There are laser printers, then there are inkjet printers. You probably know the relative merits of each. And if it's an inkjet you need, here's our annual test—divided into regular and photo printers

Face-off

93 Adoption Of Vista: Now Or Later?

That's the question quite a few businesses are asking. Here are two views on this. We outline two opposing views—including the one that says, "They'll all have to switch one day"

Smart Business

94 The Little Server That Could

Server virtualisation—where one physical server gets split into several "virtual" servers—could be a good idea for your business. Should you go for it?

April 2007

Main Story

97 Addicted To Love...

Some games are so addictive, you might need to get into rehab! Presenting the 10 most horribly addictive free ones we found

115 Game On

Resident Evil 4 is good on the PS2. Not so on the PC. Also reviewed: two PSP games—*Shinobido: Tales of the Ninja*, which is OK, and *Killzone Liberation*, which is excellent

Test Centre

102 E! @ Your Fingertips

Watch TV on your PC, we've often exhorted you. Featured this month is our annual TV-Tuner shootout. After all, you do deserve the best

Escape

119

Steve Jobs needs no introduction, but here's a little about what he did for Apple—and more

119

Be Good, say all the scriptures. Will games follow suit, slicing off your points if you kill people?
