Test Centre

98 Anywhere Data

Presenting the biggest test of internal and external storage solutions ever!

Enhance

93 One Task, One Focus

Tired of all those “things” that get between you and your work? We’ve looked at a lot of small things you can do, habits you can develop, and so on, so you can be more productive

146 Build A Wi-Fi Antenna

Boost your Wi-Fi joy with a Pringles can, a bit of money, and a lot of spirit

149 A Tweak In Time

Just buying a spanking new LCD monitor doesn't guarantee you great visuals

152 Hack That Mouse

Here's how to get your own gamer-grade hardware without selling a limb

154 Silence That PC

Whirrs and vibrations can get in the way of peaceful computing. Shut that thing up!

157 Fine-tuned Prints

A thing here, a tweak there, and your laser MFD breaks out of its shell!

June 2007

Digital Leisure

Test Centre

164 Pocket Jockeys

We've hand-picked over 30 portable media players for any size pocket—literally and monetarily!

200 Tabloid Tech

Guy Kawasaki says, “It’s true that it could have no purpose. I don’t want to be known as a Web 2.0 company, but we’re a Web 2.0 company.” All this and more priceless stuff in the zone where normal things don’t happen. Ever.

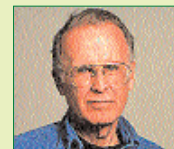

OVERLORD

163 Game On

We bring you exclusive previews of the delightfully evil *Overlord* and the intense tactical shooter *Ghost Recon: Advanced Warfighter 2*. Also featuring a review the long awaited *Command & Conquer: Tiberium Wars*

Escape

183

Remember FORTRAN? Well, some of us do, anyway. With it, John Backus made life easier for programmers

183

It's strange what people search for these days. Really, really strange.
