All about Moblin

Digital Passion

Lead Feature

27 Sci-Fa

Think science fiction—as in motherships and cyborgs. Then think about what's gone beyond fiction, what's not, what's being said today... think all such thoughts

Insight

32 Almost Intelligent

While they're hardly sentient beings, our appliances today baffle us with what they can think of. Here's what you need to know about the fuzzy logic that drives them

Tomorrow

36 Alterface!

Tired of the boring old window-icon-menu-pointer interfaces that we've been stuck with since the eighties? We are, too. We explore the reasons behind why things are where they are, and present a look at what's to come

40 Droolmaal

Gaudy speakers to hang from your ceiling, a classy new cell phone and oodles of portable storage in this month's Droolmaal. The pictures are pretty, and the things cost a pretty penny. Get your tissues ready!

38 Take A Crack At

Want to be called a Windows magician? We're sure you can impress your folks real easy—just make the Yahoo! icon! vanish! from! the! toolbar! But make Explorer's menu bar vanish at will, and then make it re-appear—and we'll suitably reward you!

Cover Story

48 centrePieCe!

Sure, you can be the brave geek and assemble your family PC, but what happens when things go awry? The best thing about branded PCs is the tech support and peace of mind that come bundled with them... Here's a comparison of the best in the market, for budgets big and small

Agent001

80 New Ways To Play Old Games

You may be used to the keyboard and mouse for gaming, but what if you want more? Agent 001 goes on the hunt for wheels, joysticks and more!

Know More About

86 Touchscreens

All you need to know about different touchscreen technologies and how they work—and also about the hype vs. the matter

3 Incredibly Useful Sites

84 In Theory And In Practice

One for the science geek; getting serious, one for he who seeks management wisdom. One for photo buffs.
