The next-best buy would be the Canon A710 IS—the one with the 6x optical zoom. The price for this takes it beyond the price of the A570 IS by about Rs 3,000.

Those who want good performance and also a compact and stylish looking design will find that the Canon IXUS 900 Ti is the right choice.

The Sony W90 and W100 would also be suitable candidates, although their performance numbers cannot not be compared to the Canons in general.
