16 Microsoft's S. Somasegar talks to us about the new Visual Studio 2008

16 Want to bring down your competitor's site? Rent a botnet!

22 What's this Android everyone's buzzing about?

24 How soon will you see Intel's new Moorestown in your mobile phone?

DIGITAL PASSION

Main Story Wars Of The Future

Battles will be fought less and less with guns and more on the ether. With the world getting more and more connected and networks still vulnerable, we give you a very possible scenario...

27

30 Days with Apple iPod Nano Video

With Apple unveiling its sleek third generation iPod Nano, our reviewer has that look in his eyes. The bosses relented, and it was, on the whole, a pleasant 30 days

32

Droolmaal

Gadgets that flaunt your status, they are the neighbours envy and all that. Among others we have monster speakers that rumble at 15 kgs, a gold plated remote for the filthy rich and earphones so tiny that.....oh well, decide

Take A Crack Expand The Wallpaper List

See that list of wallpapers to choose from? Don't you wish that was bigger? Well, figure it out!

DIGITAL TOOLS

61 Main Story Mobile Computing

You are the mobile warrior, armed with your laptop and your business phone. Here is a list of awesome software which will help increase your productivity, keep in touch with contacts and make you feel like you have never stepped out of office.

Agent 001 Not Quite Prime Time

Agent 001 hunts high and low for a TV tuner card, but finds that they were just a little bit lacking. You might want to know why...

96

82 Know More About Filesystems

Digital data is all 0s and 1s, and these 0s and 1s make up, well, everything—music, documents, images and videos. Seems like madness, but there is a method to it

36

Test Centre Big Byte

Flash drives are the easiest and most hassle free tools to help carry data. Check out our exhaustive tests and choose which of the 34 fits your bill

66

Cover Story A Game Of Chess

It's not a fight—not with blood, anyway. Our test winners thus far have had it good, but there's always a challenger ahead. Will the champions stick around, or will the be checkmated? Who will take away the coveted Zero1 Awards?

Digital Leisure

107 Touched By Tech Eager Learners

The XO laptop is finally being put through its paces in schools in rural India. We visit one such school in a village named Khairat, and came away impressed. No toy, this one

128 Tabloid Tech Hillary: Over The Hill

Of course she's going overboard—trying to ban in-game sex, (allegedly) putting up anti-Obama hate Web sites and heaven knows what else...

Game On Crysis

Crysis is the perfect game this holiday season, where you trek through tropical jungles of Philippines to save a group of scientists attacked by... we won't spoil the fun by saying any more

112

Escape

115 Martin Cooper's *Star Trek* fantasy led him to making the first cell phone call
