

# US versus Them

**Calling all fanboys:  
it's about the games,  
stupid!**

Ahmed Shaikh

**Run for the hills! The consoles have been unleashed and the PC is running scared, tail between its legs. Or so they say.**

It has never been easy being a PC gamer—right after you con your parents into buying you a PC to ‘study’, even as you make clandestine arrangements to hoard the latest and the greatest games—the rest of your relationship with the computer is a constant catch-up to the fastest specs, to play the latest games, to post the fastest frames. Or so they say.
