

A RECORE ENCORE?

Say hello to an Xbox original IP, a fresh take on the action-adventure genre.
We tell you just how good ReCore is...

By Sameer "Psycho Mantis" Mitha
feedback@skoar.in

The platform action-adventure genre has existed since the NES days with the highlight of that era being Mario, Zelda, Contra and many more. Ever since then, we have seen a bunch of games that have created a special place in the gamers' hearts, that belong to the platforming action-adventure genre including the likes of Darksiders II, Ratchet & Clank, Jak and Daxter and many more. Today we have with us ReCore. The game is not only a new IP, but an Xbox One exclusive, aiming to capture a younger audience. Does it deserve a position in our hearts as a great platformer or is this a forgettable experience?

MOAR

- PLATFORMS: Xbox One, Microsoft Windows
- PRICE: Xbox One & PC: Rs. 3,324 (Xbox Games Marketplace)
- REVIEWED ON: Xbox One
