

INTRODUCING

MediaTek helio | X20

The World's First Deca-Core
Tri-Cluster SP SoC

CorePilot

Innovative Tri-Cluster, Deca-Core CPU

- Highest performance Cortex-A72 running up to 2.5 Ghz
- Save up to 30% power compared to biggest LITTLE dual cluster

Premium Camera for Differentiation

- 32MP Single Camera, 13 MP + 13 MP 30 fps Dual Camera
- Built-in 3D depth HW engine, 4K video HDR Recording
- New de-noise/demosaic HW for better quality

World-Mode Modem for all Markets

- LTE Cat-6 2X20 Carrier Aggregation, C2K with SRLTE
- Support Co-TSX & 32K-less

4Kx2K Video Playback w/ 10-bit Color Depth

- Support both HEVC/VP9 HW decoding
