48 17 Concepts for 2017

In this calendar year, the implementations of these 17 concepts blur the distinction between science-fiction and real life even more.

It's [A]l[l]ve 32

Right now, AI is quite capable and it's evolution isn't stopping anytime soon.

TRIED & TESTED

106 EPSON L655 INK TANK PRINTER
Superb raster prints for the average SOHO

108 GIGABYTE RADEON RX 480
Why go for stock when you've got this?

109 ASUS ZENBOOK 3
Is the latest powerful, fast and thin Zenbook a viable Macbook alternative?
