ASUS AURA SYNC OUTSHINE THE COMPETITION

Perfect Synchronization Between Aura-Ready Devices

ASUS Aura Sync takes RGB lighting beyond the checkbox, combining and controlling the LEDs of your whole system from a single application to achieve perfect, synchronized harmony.

Express your individual style by synchronizing lighting effects across your Aura-ready motherboard, graphics card or ROG GR8 II mini gaming PC — as well as an ever-growing portfolio of gaming peripherals!

*Effects for independent devices vary by model. For detailed information, please visit : www.asus.com/campaign/aura/ **GR8 II supports Aura Sync for ROG keyboards and mice
