

03

MAY 2003

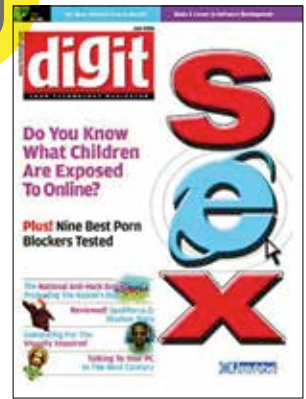

Exactly a year later we did a huge cell phone test. We included the first smartphones in that test, at a time when most people we're just getting basic cell phones!

06

JULY 2006

Then there was the time we put the words SEX on the cover. It might not seem like a big deal now, but 11 years ago we got a lot of angry emails for doing so, and the streets were apparently littered with this cover, as conservative readers tore it off so they could take the mag home...

04

NOVEMBER 2004

Remember when you told you about Mukesh Ambani's dream of going beyond voice... almost 13 years ago?

05

JULY 2005

In 2005, a year and a half before the iPhone launch, we imagined what personal devices would look like, and how they would function. We knew beforehand that touch was the future, but it took Apple to really make it happen

07

DECEMBER 2007

Remember that time we did 5 digit magazines with 5 dual-layer DVDs? We don't remember it either... the stress of that issue caused us all memory loss!

08

APRIL 2008

We got 42 speakers (2.1 and 5.1) to test, and every single person immediately got on to a LAN party to game with some proper sound for a change...

09

JULY 2009

Our ethical hacking and security-focused issue was very popular with the younger readers. Don't miss a much younger Siddharth on our cover, without (gasp) grey hair!
