

GEEK CULTURE IS OUR WAY OF LIFE, AND ENCOMPASSES MOVIES, GAMES, COMICS, AND TRENDS FROM ACROSS THE GLOBE

A WAY OF LIFE

THE CULTURE SECTION THIS MONTH covers everything from the Indian Geek, and how you can get your geek fix in India, interesting discussions from our community, a rant on specification junkies and theory warriors, the good old Digit diary, ripping the best phone in the world a new one, and more!

From BOREdom to GEEKdom

Want to geek up your living space? Check out these cool home accessories from popular online retailers to geek up your living space:

pen, which can be used to leave messages on the accompanying screen. It even has USB ports, so you can sleep comfortably besides your beloved smartphone or tablet.

Feel the Filament

Filament lights are all the rage and nothing says Geek like the awesome filament wall lamps from Pepperfry (<http://dgit.in/filalamps>)

Trippy tripod

Tripod lamps can add that perfect amount of geek to your living room or study. This one from Urban Ladder (<http://dgit.in/TPodLamp>) stood out in the crowd for us.

Another brick in the wall

Don't have brick walls? Don't worry. Geeks are great at faking it with confidence, and now you can just buy a brick wall (<http://dgit.in/BrickWall3D>) to cover up that shady patch you've been meaning to deal with.

By the power of snoozing

Who doesn't love snoozing? This 'Digital Leave Message Alarm Clock' (<http://dgit.in/MSgClock>) will let you do that and more. The clock comes handy with a fluorescent

Put it down in style

We found these super geeky coasters on Amazon (<http://dgit.in/VGcoaster>) and we just had to include them in our list. A coaster is perhaps the smallest home accessory you can invest in and they can be great conversation starters too.

Mural Me Jedi

Although expensive, this Return of The Jedi wall mural (<http://dgit.in/SWwall>) will

look fantastic above your couch if you're a Star Wars fan.

These are just a few of our suggestions to geek up your homes. But of course, if you are a true geek, you may want to try some DIY stuff as well. To find out more accessories and read our complete article online, follow this link – <http://dgit.in/Geekdom1>
