D23 Expo

Disney's 2017 magical party kicks off at Anaheim, California. The annual event for fans to celebrate and meet their favourite characters is followed by a showcase of the company's latest projects and upcoming movies. Three of the best movie announcements from D23 -

- **Avengers: Infinity War** - Marvel teased new footage from their forthcoming Avengers movie and apparently, the whole Marvel-fan universe is going crazy. Unlucky for us, as of writing this story, the clip hasn't been released online.
- **Aladdin cast** - There is a live-action Aladdin film upcoming and Disney has already

D23 The Official Disney Fan Club

announced the cast for it. Will Smith will be playing genie and right now, that's all you need to know to be expecting a good movie.

- **The Lion King** - Disney's 1994 classic film, The Lion King is getting a full modern-day CGI remake set for 2019. The teaser featured baby Simba, Rafiki and of course, the iconic Pride Rock with a realistic makeover.
