

digit diary

If you are ever curious about what the **digit gang is upto**, this is the place to get all the inside info. From the **latest game we're obsessing about** to the newest intern we're driving up the wall – it's all here folks.

This month was rather dull compared to the last two. Of course, we still had our usual rush to close the magazine. It's just not the same if there's no rush. We probably intentionally delay things just so that we have to rush (shhh don't tell the bosses). Hopefully we haven't been fired before the next issue comes out.

We started this month off with the release of Spider-Man: Homecoming. You can read our review on the movie a little further ahead in the Alt section. Yes, yes, we're shamelessly

plugging our own magazine in our own magazine. Sue us. Anyway, back to the movie, Manish and Abhijit got to watch the movie a few days before the release and it took all of their self-restraint to avoid spilling spoilers in the labs. Once the movie did finally release, everyone save Mithun watched it. We're a nasty bunch so **we made**

QUOTE OF THE MONTH

"Eric Clapton was inducted into the Rock and Roll Hall of Fame thrice"
Did they throw him out twice?
- Manish

to sure to openly (and loudly) discuss the movie in his presence.

Don't worry we won't do the same to you guys.

Speaking of Mithun, we mentioned last time that we were all

getting PLAYERUNKNOWN's BATTLEGROUNDS. We did get it, we just haven't gotten to the streaming part. But we will for sure. Soon™. It turns out that Mithun has an affinity for games where cowardice can lead to victory. Ok, ok, the rest of us are just jealous that **he actually won a chicken dinner**. For those unfamiliar with the term, he came first.

We've gone from four interns to just one. The one being Aman, who's technically not an edit intern. So we can't really pick on him. We're all getting pretty grumpy without any outlets. *ahem* This is in no way meant to deter anyone else from trying to intern here. It's a lot of fun, trust us. *evil grin*

Here's a member wanting to buy his mum a smartphone. Makes you go "Aww" as it hits you in the feels, but there are some very interesting responses, especially since his mum will be upgrading from a feature-phone. Spoiler alert: He bought her a Redmi 4.
