

ALT - PAGE 76-87

78 | Artificial weather manipulation

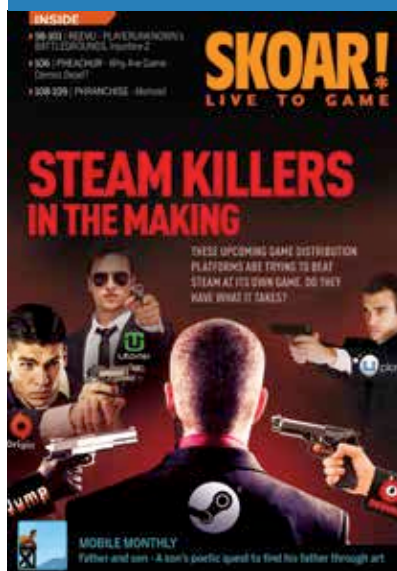

Imagine if in the near future, humanity was able to control the weather. What would the world be like?

80 | DGT

We bring you some of the best products from around the world, some of which we tested out in our labs!

AND MORE

SKOAR! - PAGE 97-111

97 | Steam killers in the making!

These game distribution clients are trying to beat Steam at its own game. Do they have what it takes?

106 | Where have game demos gone?

We explore why game demos have all but disappeared from the gaming industry.

AND MORE

CULTURE - PAGE 68-75

70 | All your pop culture stories are stolen

From Star Wars to the Lion King, and even the Lord of the Rings, your favourite stories weren't exactly original.

72 | Boo-Man on Chromecast

Cast this out of your life and mind, like an evil spirit.
