An amazing photo of the 2017 path of totality captured by photographer Jasman Mander.

An ocean made of plastic bag. Or at least, this is what's going to be left with the way things are progressing now.

The Titanic as compared to a modern day cruise ship.

When someone surprises you for a quick selfie and you have to come up with something in 2 seconds.

The High Trestle Trail is a 40 km recreation trail that runs along the counties of Polk, Story, Boone and Dallas in Iowa with estimate of over 3000 people using it every week.

Earth's latest cloud formation Asperitas, looks like the sort of clouds that would appear on Judgement Day and is straight-up terrifying.
