If you are ever curious about what the **Digit gang is up to**, this is the place to get all the inside info. From the **latest game we're obsessing about** to the newest intern we're driving up the wall – it's all here folks.

Wow, we've already reached that part of the year where the months all end with 'ber'.

We got an iFixit tool kit in the labs sometime ago and Mithun went completely gaga over it. He just couldn't stop singing praises about the thing. He then proceeded to open and tinker with just about anything he could find in the labs. And every time he did open anything up, he would sing even more praises about the iFixit. "Do you know how long this would have taken to open up if I didn't have this?!"

Game of Thrones was a big thing throughout the month. All of us huddled

up on Mondays to watch the episode on Sid's PC. Then of course there were the leaks, thanks to which there were spoilers everywhere. We're the honest sort so of course we didn't watch any of the leaked episodes. *wink wink*. However, that couldn't save us from Arnab's speculations about the next episode, which pretty much gave away the entire episode, scene-for-scene.

We've all gotten hooked to PUBG. **To the point of addiction for some *cough*Siddharth*cough* of us.** You can see "staticsid is in-game playing PLAYERUNKNOWN'S BATTLEGROUNDS" at as late as 5am in the morning. Not to

say that we aren't playing just as much, he just plays it far more than any of us have. He's already exceeded all of our play times and we bought the game almost a month before he did!

In other gaming news, Arnab is re-viewing a game. We think this is maybe his second game review ever? We hardly ever see the guy gaming. He says he's playing and it'll take him some time to review the game since it's "complicated".

Finally, Sid needed to get his hair cut for a conference he needed to attend. He decided to go to the nearest posh salon. The kind only Arnab visits because the rest of us would rather not spend 500 bucks every two weeks for a haircut we can get for 100 bucks or even less. Guess what he found out after spending 500 bucks for his haircut?

QUOTE OF THE MONTH

"Pochinki chalte hain. I know a guaranteed vehicle spawn"
No vehicle spawn!
