

Mosaic: an interactive TV show

Mosaic, an upcoming TV show on HBO, will be accompanied by an iOS app that lets you explore alternate storylines. <http://digit.in/WtchMsaic>

Piracy doesn't hurt sales?

A study commissioned by the European Commission found that piracy affects the sales of movies to an extent, not the others. <http://digit.in/EUprcy>

Sometimes protests generate memes, dust generates art, and nature decides to strike a pose in all its glory!

Saudi Arabia finally decided to lift the ban on allowing women to drive. To celebrate the new-found freedom, Faisal BaDughaish took to Twitter to post a picture of his wife learning how to drive a car.

Apart from the poorly drawn hearts and cuss words on dirty windshields, here's a rare masterpiece of an alligator on dust.

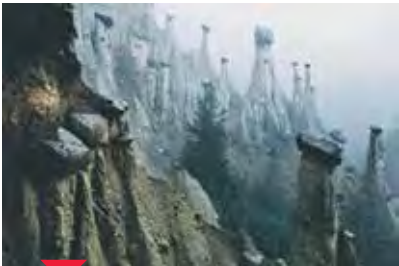

World War II Russian soldier found in the trenches still wearing his helmet and boots.

Redwood bark is resistant to fire but if the fire finds a way inside the bark, it burns on the inside. Pictured in the Napa wildfire.

Need some more visuals on how powerful hurricanes can be? Here's a plank of wood that penetrated halfway through a palm tree.

A beautiful landscape created by eroded pillars with rocks perched on the top in the Italian Alps.
