

Twitter testing 'Tweetstorm' feature

The feature will reportedly allow users to create a series of tweets that exceed Twitter's 280-character limit as a thread. <http://dgit.in/TweetNF>

Mi Exchange programme in India

Indian customers can now exchange their old smartphone and get a discount on a new Xiaomi phone. <http://dgit.in/XXPI>

Sometimes protests generate memes, dust generates art, and nature decides to strike a pose in all its glory!

In the middle of nowhere, u/ yikonjohnn got lucky to capture an Icelandic horse

A brilliant shot of Lake Sørvágsvatn in the Faroe Islands where the lake is just 90 feet above sea level, appearing to be hundreds of feet above.

Recognise him? It's Christian Bale going through another body transformation to play Dick Cheney in an upcoming movie.

You might have heard about pineapple on pizza but have you heard about pizza on pineapple?

Meme of the month: This has been popping up on every social media feed lately. Go ahead, make your own version with Bear Grylls.

Any Wonder Woman fans in the house? Here's an impressive rendition of the Princess of Themyscira if she was Indian.

If you've watched the movie Friday, all you would say after looking at this picture is daaaaaamn.

Going out to eat food at sub-zero temperatures sounds crazy. Well, it looks even crazier. Just like some ramen noodles at -30 degrees Celsius.
