

Slice of life

There is LIC in everyone's life.

*Beyond millions of policies that ensure many a smile,
Beyond the silent and formidable trust put in us,
We are about the nation's welfare.*

*A roof over the homeless,
A glass of water that will quench someone's thirst,
A light that beacons knowledge and hope.*

*Bridges that unite lands and people,
And canals that irrigate green glorious fields,
Touches that comfort and heal,
Investments that weather the turbulent times.*

*There is LIC in more than what meets the eye.
There is LIC in every moment, day and slice of everybody's life.*

*Now, buying an LIC policy is just a click away.
