Priyesh Diukar Android os by google has one of the best UI...
Sony xperia mini st15i Rs 11100 on flipkart...
Excellent phone for the money u pay...
Sony recently upgraded the os to its latest version ics 4.0...
With Upgrade the phone is a beast...
Bought a white colour for my sister three months back...
Defy mini too is good but works on 2.3.3 gingerbread version of android...

Priyesh Diukar 710 works on windows phone 7.5 mango...
Android has more flexibility in its UI compared to windows phone os...
Android has much better app support too...
You can download loads of applications from google play and other third party sites...

Priyesh Diukar With the upgrade of ICS 4.0 the UI of xperia is much better than nokia's...
Windows phone with mango is good but not great as an android ICS...
Microsoft's windows phone os is in its infancy...
They've yet more to add n prove...
Android gives u a much richer experience in its app qualities and quantities...
Android is right now better than windows phone anyway...
