Bhavitvya Malik via bluetooth the contacts were having prob as dey were not going in one go ..

Dhruv Sharma

Hello...

My hard disk is behaving abnormally... Every time I switch on the pc it makes a sound like screeching (very annoying)... And everything gets hanged... But sometimes it works properly also... I am very confused... Can't find out the problem... Someone please help....!! Plzzzz....

URGENT HELP REQUIRED!

Hi to all my fellow tech addicts, I am planning on buying a new laptop (FOR GAMING AND VIDEO EDITING).

I would like it to have the following specs..

1. i7 3rd gen
2. > 500gb HDD
3. 2GB Graphics card (nvidia 640m / amd 7730 / or something better)
4. FULL HD 1920x1080 display
5. > 6GB ram

My budget is set at INR 85000.

I will be playing games like Dota 2, Battlefield 3, GTA 4, CoD series.

any and all help will be greatly appreciated..

:)
