

Web speech API

Google Chrome's new stable version has added support for Web Speech API. It brings in the ability to use dictations and voice commands <http://dgit.in/11ZcPyr>

Case Mod Logs

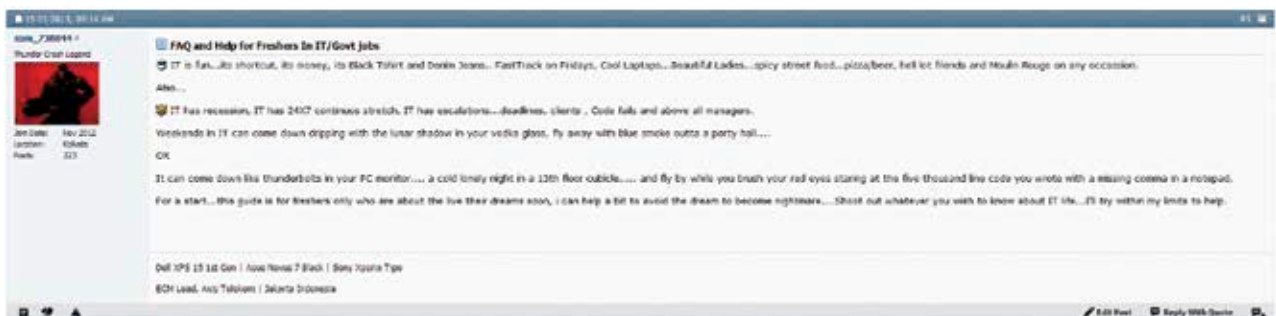

Check out project logs of some of the best case mods here <http://dgit.in/YL6pLK>

Community

Head over to **online communities** for some of the best discussions, buying advice and user reviews. Of course, you'll meet like-minded (and not-so-likeminded) geeks and maybe even get some handy career advice.

Are you a big fan of conspiracies? Top secret organises and institutions that will take over the world are all around us. What do you believe in?
