

www.news.google.com

The bot magic is at work on the news front as well. No human element in the selection process says Google. Thank you very much, says us. With the latest news culled from the sites across the Internet, Goggle News is as fresh as they come.

www.wikinews.org

Look around you, everything is going wiki. Your encyclopedia, your travel news, your dictionary. Can your news be far behind? Wiki News allows you to let the world know what's happening around you...in your own words. Take a view, make a stand. Wiki your way to journalistic glory.
