

If given a choice, always choose the more intuitive Graphical Mode.
In the following steps choose Custom Install if you have another OS.

Personal Desktop
Perfect for personal computers or laptops, select this installation type to install a graphical desktop environment and create a system ideal for home or desktop use.

Workstation
This option installs a graphical desktop environment with tools for software development and system administration.

Server
Select this installation type if you would like to set up file sharing, print sharing, and Web services. Additional services can also be enabled, and you can choose whether or not to install a graphical environment.

Custom
Select this installation type to gain complete control over the installation process, including software package selection and partitioning.
