

Wings 3D is deceptively plain

a model in Wings, make sure you have a good 3D animation tool waiting in line to animate it.

### 4.3.3 FREE!Ship

Ever wanted to build your own pirate ship but were too lazy to get started? Or was it that you weren't yet skilled enough in the ways of 3D graphics programs? FREE!ship comes to the rescue, built specifically to let you design and modify ship hulls. It uses subdivision sur-

The FREE! that launched a thousand ships
