

Note this is not the same as 3D models created with Google's 3D drawing application SketchUp. Also note that some models from SketchUp will not display correctly till you turn off the 3D Buildings layer. To learn more about Google SketchUp, see Chapter 12.

8.5 Additional Info

This chapter has barely scratched the surface on what is possible with Google Earth. To learn about advanced techniques and other features of Google Earth, refer to the complete user guide, which is available at <http://earth.google.com/userguide/v4/>. Or download the PDF from http://earth.google.com/userguide/v4/google_earth_user_guide.pdf.
