2.7 Payments

So how much can you make with AdSense? Well, basically, the amount you make is entirely dependant on how many people visit your site; the more the visitors, the greater the chance that they will see the ads and, therefore, click them. There are reports of cyber-café owners in Rajasthan making up to \$1,500 a month! High-value keywords obviously pay a higher amount per click, but that also means that the content you serve has to be related to those keywords. For example, finance-related content usually serves high-value keywords, i.e. financial content related AdSense ads usually pay more than say cricket-related ads. However, some ads can pay really low (as low as a cent per click) as well. The thumb rule remains, though, that the more the number of visitors
