

ing preventing you from positioning a shout box on your home page and providing one-to-one live support with support staff on a contact page.

7.2.4 Preview: Zoho Mail (Zoho Virtual Office)

As of this writing, Zoho Mail is still in private beta. We were given an opportunity to take a sneak peek at the service, and here's the low-down on what to expect when it enters into public beta. A

You can embed Chat right into your Web site

word of caution though: some of these features may change substantially between now and the public release.

For those of you who want to get your hands on the service when it comes out, get on the waiting list by going to <http://mail.zoho.com> and clicking the "Request for an account" link. If you want to browse the features you can also click on the Demo link which will take you into a limited version of the application.
