

6.2.7. <http://www.gimp-tutorials.com/>

This is probably the largest GIMP tutorials site, with about 750+ tutorials. The tutorials are hosted on different sites, and merely linked to gimp-tutorials.com. The tutorials are further classified under different headings like Effects, Designing and Photo Retouching. Users can rate the tutorial, and the number of users who have visited the particular tutorial is mentioned alongside. There is a search box on the site which makes it easier to find the desired tutorial. You can also submit links to tutorials to the site.

The screenshot shows the homepage of the GIMP Tutorials website. The header includes the site name "GIMP TUTORIALS" and a tagline "Largest Collection of GIMP Tutorials and useful snippets." Below the header is a navigation bar with links for "Tutorial Tutorials", "Tutorial Series", "Most Rated", "Most Viewed", and "Index". A search bar and a "Select category" dropdown are also present.

The main content area displays a list of tutorials. The first tutorial is "Basic Animation Tutorial" by Complete Your Animation Tutorials, which has 0 votes and 236 views. The second is "Photos Manipulation Video Tutorial" by Photo Manipulation Video Tutorial, with 1 vote and 174 views. The third is "Modern Web Buttons" by Modern Web Buttons with gimp, with 1 vote and 644 views. The fourth is "Snippets with the GIMP" by Snippets with the GIMP, with 0 votes and 644 views.

On the right side, there is a sidebar with the heading "News and news - Browse". It features a section titled "GIMP 2.4.6 Released" with a detailed announcement about the new release, including a link to the download page. Below this, there is another section titled "GIMP 2.4.5 Released" with a similar announcement and a link to the download page.
