

# Fast Track to Trouble Shooting Part II

By Team Digit

The screenshot shows the Digit Forum website. At the top, there's a navigation bar with links for Register, FAQ, Calendar, Today's Posts, and Search. Below this is a welcome message and a brief guide for first-time visitors. The main content area features a table of forum topics with columns for Forum, Last Post, Threads, and Posts.

| Forum                                                                                                                      | Last Post                                                                 | Threads | Posts  |
