

To view Guides and Grids on the Stage, you have to check the Show Guides and Show Grids options. The Grid option is available in the drop down menu of the View option and the Show Grid option is available in the sub menu of the Grid option:

Workspace with Guides and Grid

View > Grid > Show Grid.

Similarly, the Guides option is available in the drop down menu of the View option and from the sub menu of the Guides option we can reach the Show Guides option:

Show Grid

View > Guides > Show Guides.

You can move the guide by clicking on the ruler with the help of Selection tool. By doing this you can easily drag the guide to where you desire.

You can easily edit the Grids and

Show Guides
