

Now select Keyframe 15 and add this script.

```
i = 2;
while (Number(i)<100) {
    duplicateMovieClip(star1, "star" + i, i);
    setProperty("star" + i, _rotation, random(360));
    scalefactor = 40+Number(random(60));
    setProperty("star" + i, _xscale, scalefactor);
    setProperty("star" + i, _yscale, scalefactor);
    i = Number(i)+1;
}
```
