

- Now come back to Scene 1.
- After the above action, copy the movie clip and paste it several times.

- Now select the symbol and go to Properties Inspector.

- Select Tint from the Color option.
- Now a particular color is to be selected for Tint.

- Repeat these steps for the other symbols.
- Select frame 1 and add this script.

```
fscommand("fullscreen",  
"true");
```

- Now the animation is complete.
