

- Now click on Align horizontal center icon.
- Next click on Align Vertical center icon.

- Now lock the layer.

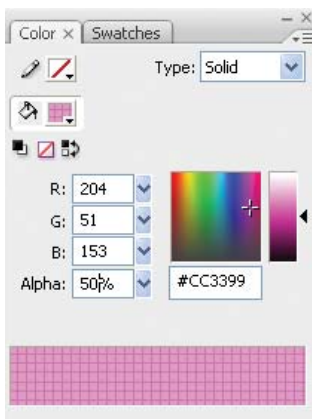

- Insert a new layer.
- Rename this layer as “Heart”.

- Now draw a small heart.

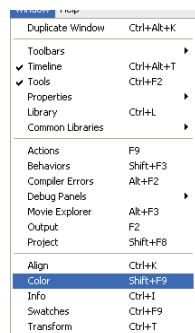

- Now change the colour of the heart.
- So, click on Window > Color.
- In the Color Panel, set the Stroke colour as None.
- Select the Fill colour as pink. (#CC3399)

- Set the Alpha value to 50%.
- Keep it selected and press [F8] to convert it into a Movie clip.

- Click on OK.

- Now, double click on the Movie clip to edit it.
- Again press [F8] to convert the

heart to a Graphic symbol.
