

}

- Here we type 'NATURE'.
- Now click on the Selection Tool.
- Again insert a new layer.
- Rename this layer as "Actions".

8.6 Mask Text Effect

- First select the image on your screen
- Now insert a new layer.
- Rename the new layer as

"Text".

- Go to the Tool box and select the Text Tool.
- Set the Font as Base 02 and size as 72.
- After you have done it type the text.

- Now open the Actions Script Panel and add this code:
startDrag
