

```
        var ymove = Math.random()*20 - 10;
        //reset the frames to wait until fading
again      delayuntilfade = Math.floor(20+Math.random()*50);
    }
    //move the spark
    _x=_x+xmove;
    _y=_y+ymove;
    //gravity
    ymove=ymove+.5;
    //fade the spark %5
    if(delayuntilfade<=0){
        _alpha=_alpha-5;
    }
}
```
