

Actions Frame Window

Creating Buttons

The 'Back' Button

- The Script window opens. Here add the following code. (Explanation given below)

```
#include "h-  
text-image.as"  
#include "h-  
text-img1.as"
```

- In this way create four separate fla files i.e **page2**, **page 3**, **page4** and **page 5** as shown above.
- For each of these fla files, create a new layer and name it as an action

- Right click on the first keyframe and choose 'Actions'.
- The Script window opens. Add the relevant code which is as follows:

For Intro.fla

```
#include "h-text-image.as"  
#include "h-text-img.as"
```

For Page2.fla

```
#include "h-text-image.as"  
#include "h-text-img2.as"
```

For Page3.fla

```
#include "h-text-image.as"  
#include "h-text-img3.as"
```
