

respective files and export them as swf files.

For 'page2.fla' :-

'BACK' button:

```
on (release) {  
    loadMovieNum("page1.swf",1);  
}
```

The above code helps the user to navigate to the previous swf file, i.e., page1.swf.

'NEXT' button:

```
on (release) {  
    loadMovieNum("page3.swf",1);  
}
```

The above code helps the user to navigate to the next swf file, i.e., page3.swf.

For 'page3.fla' :-

'BACK' button:

```
on (release) {  
    loadMovieNum("page2.swf",1);  
}
```

'NEXT' button:
