

## CONTENTS

|                  |                                         |           |
|------------------|-----------------------------------------|-----------|
| <b>Chapter 1</b> | <b>Introduction to Linux</b>            | <b>9</b>  |
| 1.1              | Unix, Linux and GPL                     | 9         |
| 1.2              | Choosing a distribution                 | 12        |
| 1.3              | The Linux Desktop Environment           | 16        |
| 1.4              | Linux Mythbusting                       | 21        |
| <br>             |                                         |           |
| <b>Chapter 2</b> | <b>Installing Linux</b>                 | <b>23</b> |
| 2.1              | Installing Linux on your hard drive     | 23        |
| 2.2              | Installing Linux using Virtual Box      | 26        |
| 2.3              | Dual OS Installation                    | 31        |
| 2.4              | Installing Linux on portable memory     | 34        |
| <br>             |                                         |           |
| <b>Chapter 3</b> | <b>Getting Started</b>                  | <b>37</b> |
| 3.1              | Connecting to the Internet              | 37        |
| 3.2              | Customising the theme                   | 41        |
| 3.3              | Customising the panel                   | 43        |
| <br>             |                                         |           |
| <b>Chapter 4</b> | <b>The Command Line</b>                 | <b>47</b> |
| 4.1              | File and navigation                     | 47        |
| 4.2              | Networking and the Internet             | 48        |
| 4.3              | Archive management                      | 49        |
| 4.4              | Sundry commands                         | 50        |
| <br>             |                                         |           |
| <b>Chapter 5</b> | <b>Installing software</b>              | <b>53</b> |
| 5.1              | One-click installation                  | 53        |
| 5.2              | Installing from packages (.rpm or .deb) | 57        |
| 5.3              | Installing from source tarballs         | 61        |
| 5.4              | Command line installation               | 64        |
