

CONTENTS

Chapter 1	Introduction	6
1.1	What is wireless?	6
1.2	History of wireless technologies	6
1.3	Commercial wireless technologies and examples	11
Chapter 2	Wireless carrier waves	13
2.1	Basic principles and physics involved	13
2.2	Frequency spectrum its use	17
2.3	Modulation	17
2.4	The transmitter and receiver	19
Chapter 3	Wireless Broadcasting	23
3.1	Television broadcasting	23
3.2	Radio broadcasting	27
3.3	Amateur (HAM) radio	30
3.4	Other dedicated radio broadcasting networks	33
Chapter 4	Cellular telephony	35
4.1	Introduction and history	35
4.2	GSM	36
4.3	CDMA	39
4.4	GPRS	40
4.5	Emerging technologies	41
